PUBLIC ADVERTISEMENTS

OFFICE OF THE PUBLICITY OFFICER TO THE GOVERNMENT OF MYSORE, PUBLIC OFFICES, BANGALORE.

Press Note.

Dated 28th July 1949.

It has come to the notice of Government that a certain amount of dissatisfaction exist on the part of labourers of the Kolar Gold Fields, since the Wage Board constituted by Government under the Minimum Wages Act has not yet met and the workers have therefore not been able to derive any benefit so far. Government wish to state, for the information of all concerned, that the conduct of business of Wage Boards has to be regulated by Rules under the Act, that these have since been framed and are under legislative scrutiny before publication and finalization, and that the Wage Board will begin to function almost immediately thereafter. The Government are expediting the publication of the Rules.

Press Note.

Dated 29th July 1949.

The following Note dated 12th May 1949, issued by the Ministry of Rehabilitation, Government of India, New Delhi, is republished for general information:—

"It has come to notice of Government that some displaced persons have applied to the authorities concerned in more than one Province for allotment of a plot of land or house. There have been cases where the same person has been allotted a house or a plot in two different provinces or in several localities in the same province and has accepted both. Government are endeavouring to provide residential accommodation for displaced persons. It may be an evacuee house, a house constructed by or on behalf of Government or a plot on which the person will build a house with or without Government assistance. The utmost economy has to be exercised because of financial stringency and the non availability of building material. It is obvious that whatever assistance Government is able to afford should be made available on the most equitable basis among the largest number of displaced persons. If a displaced person takes two or more houses he is depriving his less fortunate brethren in equally difficult circumstances of a house.

"In the interest of displaced persons generally it is necessary that one family should take only one house or plot. Even if more are allotted by mistake the allotment should be refused. Any extra allotment which has been made by mistake should be surrendered so that some other family may benefit. If any cases of double allotment come to notice they will be liable to forfeit all claims for any rehabilitation assistance from Government. Displaced persons who give information to the authorities concerned of cases in which more than one allotment has been secured by any person will be given special consideration at the time of making new allotments.

"Displaced persons who bring fresh evacuee property to the notice of the Custodian concerned will also be entitled to first consideration in the allotment of that property."

MOTOR SPIRIT RATIONING—COUNTER—SIGNATURE OF BASIC COUPONS.

Cases are likely to arise in which basic coupons issued and duly countersigned by competent authority might have to be exchanged for petrol in neighbouring Provinces or States. The question is whether the coupons should in addition be countersigned by the authority having jurisdiction in the place where they are to be presented for encashment, in other words, whether the countersignatures should or should not have inter-Provincial/State validity.

Though in principle, the Central Ministry of Transport is in favour of inter-Provincial/State validity, it is considered that if this principle is followed in this particular case, might give scope for forgery of signatures and such malpractices. It would obviously be difficult for petrol vendors to be familiar with the signatures of authorities other than of the local rationing authorities.

It is, therefore, suggested to the motoring public in Mysore State, that in case they want to cash their coupons outside the State, it would be necessary for them to get their coupons countersigned in addition by an authority having jurisdiction in the place in which they are to be encashed. All petrol vendors are also advised through the local representatives of the Oil Companies not to exchange any coupons for petrol unless they bear the countersignature of the local Rationing Authority.

The Chief Rationing Authority in Mysore, Bangalore, will no doubt ensure that the power of countersignature is delegated to a large number of officers in the mofussil centres particularly other than district headquarters, so that motorists are not inconvenienced in obtaining countersignature.
